

Enhances

- collaboration among colleagues, and in classrooms
- collectively manipulate texts using programs such as Google Docs
- post and respond asynchronously using blog or wiki

Obsoletes

- limitations of physical space: on a computer, or in a flash drive
- expensive programs such as the Microsoft Office suite.
- Copyright and intellectual property laws and infringements

Cloud Computing

Tetrad

Rekindles from the past

- a sense of commonwealth
- a sense of control over our media input as users choose the information sources of one's choice (RSS feeds & applications)

Reverses

- loss of privacy
- lack of security
